## Electrocution mortality of Imperial Eagle on medium voltage power lines in Slovakia – causes and solutions

"Eagles of the Palearctic: Study and Conservation" Third International Scientific and Practical Conference

26.09.2023, Marek Gális, Raptor Protection of Slovakia

# 35 000 km

## 22 kV - 110 kV - 220 kV - 400 kV

### Modification of supports

### Modification of supports

### LIFE Danube Free Sky

#### National regulation - legal obligation - cooperation

- Cooperation + internal policy and guidelines of DSO
- Methodological guidelines, memorandas, agreements, LIFE projects
- "Everybody who builds or reconstructs power lines has to apply efficient protective measures to protect birds from being killed by electrocution"

#### THANK YOU FOR ATTENTION.

Co-funded by the European Union

This presentation was prepared under the project LIFE Danube Free Sky – Transnational conservation of birds along the Danube river (LIFE19 NAT/SK/001023). Project has received funding from the LIFE Programme of the European Union.
